November 6, 2020

Queen Bee Families,

Based on a review of the available public health data for DuPage County and a review of the Return to School Framework, we remain in Red or at a Substantial Level of Risk. As a result, our Hybrid Program will remain Paused for the week of November 9-13. We will post the updated Public Health Metrics to our website once published by the DuPage County Health Department. Please feel free to contact your principal or the Office of the Superintendent if you have any questions or concerns.

Thank you,

Joseph R. Williams, Ed. D.

Superintendent
